

URIZAP – The key to odourless and blockage-free urinals

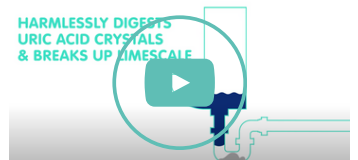

For less than 40p* per urinal per day, ABS' URIZAP could solve your urinal odours!

"After just two weeks...we noticed a huge difference in the smell, and we haven't experienced any blockages since. Even our customers commented on the change!" - White Rose Shopping Centre

What does URIZAP do?

URIZAP removes odours and blockages from your urinals and pipework.

Watch this [2-minute video](#) to see how.

How do I dose URIZAP in my urinals?

This [1-minute training video](#) shows how easy it is to use URIZAP.

How do I know URIZAP is working

After 4 weeks your washroom will start to smell better. Lucky enough to have access to an endoscope? This [2-minute video](#) will show you how to survey your urinal pipework.

Before dosing with URIZAP

After 8 weeks of dosing with URIZAP
